HAIR INVIGORATOR, An Effective, Safe and Economical Compound, FOR RESTORING GRAY HAIR

To its original color without dyeing, and preventing Hair from turning gray.

FOR PREVENTING BALDNESS, And curing it, when there is the least particle of vitali or recuperative energy remaining. FOR REMOVING SCURF AND DANDRUF

FOR BEAUTIFYING THE HAIR. Imparting to it an unequied gloss and brilliancy, making it soft and silky in its texture, and causing it to cur readily.

The great celebrity and increasing demand for this un The great celebrity and increasing demand for this un-equaled preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It cleanses the head and scalp from dandruff and other outaneous discases, causing the hair to grow inxuriantly giving it a rich, soft, glossy and flexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become baid, causing it to yield a reah covering of hair.

strength and right to the roots and restore the growth those parts which have become hald, causing it to yield a resb covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest reduced bility. It will effectually prevent the hair from tusning until the latest period of tife; and in cases where the hair has already changed its color, the use of the invigorator will with certainty restore it to it to its original hue, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether planforin carles; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

Only Twenty-Five Cents

L. MILLER would call the attention of Parents and Guardians to the use of his invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.
